LCAA Airbag

Greetings all you fair would be maideners!

Don't know what you all think, but this Spring has not been a great one for flying so far. We've had more than our fair share of windy and chilly days! Not to mention the rain.

Speaking of which, this trend seems to be continuing this upcoming weekend, the weekend for our **Annual Maiden Flight Day Picnic.**

As such, we are going to push this event to the following weekend (May 14th).

We'll be firing up our new griddle and serving hamburgers, hot dogs and brats. Hope to see you there!

For those of you that didn't join us for Field Day on 4/23/22.

It was a great day as we accomplished a lot. Thank you to everyone that lent a hand.
